A "CHEESE BOX" Makes Your Home Telephone in to a Payphone.
The method Shown below is a easy way of doing it

What you need.
---

(1) Line that has Call forwarding (use *72 to start it,*73 to stop it).
(1) Red box, or Set of Red Box Tones
(1) The number to your local intercept operator in your Prefix
[Do some scanning for this one]

1. Pick up your phone
2. Press *72, then the number for your Pr3fix's Intercept Operator
3. YOUR PHONE IS NOW A PAYPHONE!!!
4. To make a call, do it just like you were at a payphone,box in the "Coins" then call

ALSO YOU MUST WARNED, IF YOU PHREAK OFF THIS LINE THEN THE TELCO MIGHT THINK THIS IS A MESSED UP FORTRESS PAY PHONE, THEN MIGHT SEND SOMEONE OUT TO STAKE OUT THE PHONE-AND THEN WELL....
YOU WOULD BE IN DEEP SHI_!
